

Questionnaire

Hello! We're Paper House Project and we've been asked by Islington Council and Awesome! to help design a brand new state of the art play building at Cornwallis Adventure Playground.

We'd like you to think about your favourite building and why you like it! Is it what you can do there and how it makes you feel? Your answers will help us find out what is important to you when designing your new building!

Share your thoughts by completing the questionnaire below and posting it through the Cornwallis Adventure Playground letterbox.
